Information letter

The Department of Aeromechanics and Flight Engineering (DAFE) of Moscow Institute of Physics and Technology (MIPT) is holding the Fourth open **International Conference “Extremal and Record-Breaking flights of aircraft including RPAS (UAS) and the Aircraft with electrical power plant: ERBA 2018”** on the **3 – 5 of July 2018**.

Conference will be held under support of Central Aerohydrodynamic Institute named after professor N.E.Zhukovsky (TsAGI) and Russian Foundation for Basic Research (RFBR).

Scientific committee

Chernyshev Sergey – Dr.-Prof., General Director TsAGI, Academician of RAS, Chairman, Russia
Potapov Boris - Dr.-Prof., Deputy Director of MIPT School of Aerospace Technologies, vice-chairman, Russia
Kudrov Maksim - Dr., Dean of MIPT DAFE, Russia
Vyshinsky Victor – Dr.-Prof., TsAGI, DAFE MIPT, Russia
Dongsheng Wen – Dr.-Prof., Dean of School of Aeronautic Science and Engineering, Beihang Univ., China
Jean-Marc Moschetta – Dr.-Prof. of Institut Supérieur de l’Aéronautique et de l’Espace ISAE, Toulouse, France
Golubev Vladimir – Dr.-Prof., Embry-Riddle Aeronautical University, ERAU, Florida, USA
Ahmed F. El-Sayed Helal – Dr.-Prof., Zagazig University, Egypt
Simon Watkins – Dr.-Prof., RMIT, Melbourne, Australia
Ben M. Chen - Dr - Prof., National University of Singapore, Singapore
Shengping Shen - Dr.-Prof., Dean of the School of Aerospace, Xi’an Jiaotong University, China
Wolkov Andrey – Dr.-Prof., Head of the Division, TsAGI
Sokolov Evgeniy – Dr.-Prof., SPbPU, S. Petersburg, Russia
Turkin Igor – Dr.-Prof., Moscow Aviation Institute (MAI), Moscow, Russia
Shcheglov Grigory - Dr.-Prof., BMSTU, Moscow, Russia
Koryanov Vsevolod - Dr.-Associate Prof., First deputy head of Department, BMSTU, Moscow, Russia
Shustov Andrey – Dr.-Associate Prof., Head of the Division, TsAGI, Russia

Local Organizing committee:

Serokhvostov Sergey – Dr.-Associate Prof., Executive Chairman
Volkova Anastasia – secretary, Deputy Chairman
Katyzhenkova Alena - volunteer coordinator
Tsivinyuk Matvey – webmaster

Conference scientific topics

- Flight dynamics and aerodynamic aspects of the flight of the RPAS and the aircraft with electrical power plant
- Unsteady aerodynamics and flight dynamics of the RPAS
- Design of the RPAS and the aircraft with electrical power plant
- Certification of RPAS & RPAS Pilots & Operators
- RPAS safety in the non-segregated airspace
- Remotely piloted and small aircraft vehicles in orographic turbulence conditions
- Extremal and record-breaking flights
- Theory and practice of the “unconventional” flying vehicles (flapping wing, balloons, hovercraft, convertiplanes etc.)
- Avionics, electronics and power sources for the RPAS
- Small aircraft vehicles: CFD or Wind Tunnel tests?
- Navigation and aircraft motion control
- RPAS design and structure
- Neural networks in airspace science
- RPAS acoustics
- RPAS swarming and closed formation flight
- Involving young people into the aerospace science

Round tables for some topics can also be organized.

Official language: English

Best papers of ERBA will be recommended for publication in the special Issue of "Unmanned Systems", <http://www.worldscientific.com/us>

Static exposition of the RPAS will be organized.
